Manual Coin Cell Crimping Sealing Machine

The crimper is suitable for sealing various types of coin cells such as CR2032, CR2025, and CR2016 with adjust the sealing height and with out changing the die.

- Item No.: TOB-PKJ-20
- Order(Moq): 1
- Payment: L/C, T/T, Western Union
- Product Origin: China
- Shipping Port: XIAMEN
- Lead Time: 7

Product Detail

Button Battery Sealing Machine-Manual crimping machine: One for All Button Cells of CR2016, CR2025, & CR2032

SPECIFICATIONS

1 TOB-PKJ-20 coin cell crimper is a newly designed button battery sealing machine with lighter weight. The crimper is suitable for sealing various types of coin cells such as CR2032, CR2025, and CR2016 with adjust the sealing height and without changing the die. It can also crimp CR2325, CR2450, AG3, AG5 and other special size cases with optional die sets.

2 It is a pure manual crimping machine, mainly used for higher colleges and enterprises experimental line.

3 It can also be worked in glove box with smaller volume.

Standard Crimping Die	One set of sealing die for CR2032, CR2025, and CR2016
Advantages	<p>1 The equipment is composed of upper die, lower die, a handwheel, and material handle.</p> <p>2 Manul simple operation. Can work in glove box.</p> <p>3 Crimp CR2016, 2025, 2032 Coin cell by adjust sealing height</p>
Suitable Battery	CR2016, CR2025, CR2032
Crimping Accuracy	±0.025mm
Dimension(L*W*H)	420*350*320mm
Weight	28kg
Shipping Weight	35kg
Warranty	One Year limited warranty with lifetime support

PACKAGE AND SHIPPING

<p>1 Standard exported package : Internal anticollision protection, external export wooden box package</p> <p>2 Shipping by express, by air, by sea according to customer's requirements to suggest the most suitable shipping mode</p> <p>3 Responsible for the damage during shipping process, change the damage part for free</p> <p>4 Supply with suitable voltage input and power plug according to customer's country requirements.</p>

SERVICES

<p>1 We supply machines with battery technology support.</p> <p>2 We can also supply a full set of materials for lithium battery including polymer battery, cylinder battery, mobile phone battery, EV battery.</p> <p>3 We can also supply a full set of lithium battery equipment for lab research, pilot scale research and production line.</p> <p>4 We can also supply a full set of battery technology for battery design, research and producing.</p>
